Natural Draft Metallic Improved Cook Stove

Model No: HPNJE-01ND

Reduce firewood consumption by up to 60%, retain the natural cooking taste, portable safe & easy to carry, reduced smoke up to 85%

Fuels: Firewood, other Biomass resources

Technical Features:

Made by MS sheet & fuel feeding stand with 7mm torkari, Efficiency 29%

Weight: 5 Kg

Force Draft Metallic Improved Cook Stove

Model No: HPN-01FD

Reduce firewood consumption by up to 75%, retain the natural cooking taste, portable, safe & easy to carry, reduced smoke up to 95% and save cooking time.

Fuels: Pellet, Firewood, Biomass resources

Technical Features:

Tier-3+ MICS. Semi gasifier stove, made by SS & MS sheet & continuous fuel feeding system, Efficiency 41.24%, Nominal power consumption (12V/1 AMP)

Weight: 5 Kg

Metallic Improved Cook Stove

Model No: HPN-00C3

Retain the natural cooking taste, portable, safe & easy to carry, reduced smoke up to 95%.

Fuels: Rice husk

Technical Features:

Made by MS sheet & continuous fuel feeding system, Low Power consumption (12V/1 AMP)

Weight: 7 Kg

Improved Cook Stove

Model No: HPN-00C4

Retain the natural cooking taste, portable, safe & easy to carry, reduced smoke up to 90%.

Fuels: Pellet, Firewood, other Biomass resources

Technical Features:

Made by MS sheet & continuous fuel feeding system, Low Power consumption (12V/1 AMP)

Weight: 8 Kg

BBQ Sekuwa Burner

Model No: HPN-01FD

Retain the natural cooking taste, portable, safe & easy to carry, reduce smoke

Fuels: Pellet & Coal

Technical Features:

Made by SS & MS sheet & continuous fuel feeding system, Efficiency 41.24%, Nominal power consumption (12V/1 AMP)

Weight: 4.5 Kg

2 Pot Hole Stove

Model No: AEPC-2P

Two pot hole improved iron cook-stove for cooking

Fuels: Firewood

Technical Features:

Made by MS sheet & 4" Pipe for chimney, Chimney installation for smoke free room

Weight: 25 Kg

Commercial Improved Institutional Stove

Model No: HPN-00C4

Smoke less commercial stove, retain the natural traditional cooking taste, easy to carry from one place to another place.

Fuels: Pellet

Technical Features:

Automatic Pellet fueling system, Made by MS sheet, A/C operating system, Ceramic insulation, easy to move from one place to another through wheel, Rotary fan.

Weight: 145 Kg

Gasifier Improved Institutional Cook Stove

Model No: HPN-00g1

Commercial improved cook stove with less smoke, portable and safe.

Fuels: Rice Husk

Technical Features:

Run through A/C fan with regulators, Made by MS sheet with black safety net, Portable

Weight: 43 Kg

3 Pot Hole Stove

Model No: AEPC-3P

Three pot-hole iron improved portable cook-stove

Fuels: Firewood

Technical Features:

Made by MS sheet & 4" Pipe for chimney, Chimney installation for smoke free room

Weight: 32 Kg
